SPECIAL OFFERS

Spring 1960

To make room for our expanding lily, lilac and hardy camellia plantings we are making a number of special offers on our very best nursery stock. Savings are high; quality the highest; and the opportunity to replenish your garden one not to be missed.

SPECIAL SPRING LILAC OFFER

(Good only until April 1, whereafter prices in our 1960 Catalogue will prevail)

Due to the death of E. A. Upton, America's most distinguished lilac expert of his day, the Upton Nursery Co. of Goodrich, Mich., have sold to us, from their large collection of lilacs, their entire stock of a number of varieties not included in their regular catalogue listings. As a consequence we need more space. We are therefore offering for clearance the following 24 top varieties of lilacs from our very best stock at prices which will save you from one-third to one-half.

The bushes are 2-3' and 3-4' in height, are all on their own roots, and are sturdy and vigorous. They will be shipped to you in time for Spring planting, about April 1. The prices: Any 3 different varieties for \$9.00; 6 different varieties for \$17.50; 12 different varieties for \$34.50; all 24 varieties for \$67.00, express collect. Here is a chance to have a highly representative lilac walk of the very best French hybrids at a minimum outlay.

SPECIAL OFFER OF MADONNA LILY BULBS

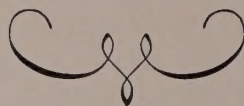

(Good only until April 1, whereafter prices in our 1960 Catalogue will prevail)

The beautiful Madonna Lily (*L. candidum*), a pure white semi-trumpet with golden pollen, is a late June bloomer which should be in every garden. We are offering large bulbs, 8-9" in circ., for late Aug.-early Sept. delivery at the following prices postpaid: 6 for \$4.00; 12 for \$7.75; 25 for \$15.50. Since we catalogue these bulbs at \$1.00 each, your savings will be up to 38 percent.

PEONY CLEARANCE

We are discontinuing our peonies, and while they last we are offering 10 strong divisions, each having 5 eyes or more, for \$4.75 postpaid. Delivery late September. The varieties are among the best, comprising singles and doubles and various colors. They are unlabelled, but they carry our usual warranty as to quality. They offer you an easy and inexpensive way of building up a peony planting which will last for a life time.
